Forecast for Sunday 13 Dec 2020

Weather: Mostly cloudy this morning, with some hill fog and occasional mainly light rain with snow above 1000m. A spell of heavier rain and snow arriving this afternoon the snow level briefly dipping to 800m with chance of blizzards over the tops. The rain turning showery after dark the showers now of rain at all levels.

Chance of cloud free mountain/hill tops above 800m: 30% soon reducing 10% through daylight hours with extensive cloud and chances only improving slightly in the evening.

Visibility: Often moderate or poor in rain and very poor above the snowline though liable to be in the cloud at that height anyway.
